

# Buprenorphine Treatment Patient/Physician Matching System

Secure • Confidential

Simplified sign-in process:

The **old log-in screen** was crowded and sometimes confusing.

The **new log-in screen** is easy-to-use with important information and links clearly visible and accessible.

**Intended use:**

The intent of this site is to efficiently connect patients in need of treatment for opioid dependence with an Office based treatment provider, certified to prescribe buprenorphine. It is unlawful to use this site to solicit for anything other than stated above. Example: it is inconsistent with the terms to use this site to solicit for "Rapid detox", "inpatient rehab", or any other treatment that is not considered Office based opioid dependence treatment with buprenorphine, and such treatment must be consistent with the physician training established to obtain the DEA waiver to prescribe schedule III medications, for opioid dependence, in an office based setting, according to the DATA2000 law. If you do not have an "X" number from the DEA you are not authorized to use this application.
