What Is TreatmentMatch.org?

TreatmentMatch.org is a centralized, strictly confidential way for physicians to select and contact patients as treatment openings become available in his or her practice.

This web-based system offers patients in need of Buprenorphine treatment the opportunity to anonymously register and, in effect, be on the waiting lists of all participating certified physicians in their geographic area.

- Email alert option as new patients register
- Potential patients are screened through a 16-question registration form
- 24/7 access to a continuously updated list of potential patients
- Potential patient is notified by email to contact you for an appointment
- Patients are required to renew their status every two weeks if not contacted
- Reduced office time spent:
  - In maintaining your own waiting list
  - Placing phone calls to reach potential patients
- Optional listing on public locator

The intent of this site is to efficiently connect patients in need of treatment for opioid dependence with an Office-Based Treatment Provider, certified to prescribe Buprenorphine. It is inconsistent with the terms of NAABT, Inc., to use this site to solicit for anything other than stated. Example: it is inconsistent with the terms to use this site to solicit for "rapid detox", "inpatient rehab", or any other treatment that is not considered Office-Based Opioid Dependence Treatment with Buprenorphine. If you do not have an "X" number from the DEA, you are not authorized to use this patient database.
